

Dr. Eric Pearl

Dr. Eric Pearl ran a chiropractic practice in Los Angeles before discovering Reconnective Healing. One day, his patients began to report healings when he simply held his hands near them, without him physically touching them. So, he went in search of the universal wisdom behind what was happening. Unlike today's known forms of Energy Healing, this work can be practiced without complex technique or elaborate ritual. Through Dr. Pearl's journey of research and discovery, it became clear that the appropriate name for this work is "Reconnective Healing."

Now recognized and supported by science, Reconnective Healing facilitates healings for people that are often instantaneous and can last a lifetime. Feeling compelled to teach others, Eric's work has taken him to over 100 countries and has affected millions of people. Eric's hope is that one day everyone will learn to access this natural ability and will use it to heal themselves and others.

Dr. Eric Pearl has been featured in top media including **The Dr. Oz Show**, **The New York Times** and **CNN**. His internationally bestselling book, **The Reconnection: Heal Others, Heal Yourself**, now in over 39 languages, and has been endorsed by such notables as Deepak Chopra.
